

He declared that the Revenue Department had not treated him in a manly way. Mr. De Armond charged that his

letter to the Postmaster-General had been held up. In the course of his remarks, he said he wondered if the Postmaster-General was leaving the department, was weary of trying to solve the rural free-delivery problem. He asserted that the course of the department was in the interest of certain homes in Missouri. No action was taken on his statement.

The House has agreed to consider the Nicaragua Canal Bill Tuesday, January 7, and thereafter until disposed of, the order not, however, to interfere with revenue or appropriation bills.

At 1:45 o'clock p.m., the House adjourned until Monday, January 6, 1922.

**GERMAN FINGER IN PIE.**  
MAY MIX IN CANAL MATTER.  
BY THE NEW ASSOCIATED PRESS.—A.M.  
WASHINGTON, Dec. 19.—It is learned that Germany expects to have something to say about the Nicaragua Canal, because of the interests of a German corporation in a concession that will be interfered with, and possibly destroyed by its construction.

This interest has been obtained through the purchase by the Hamburg-American Steamship Company of the Atlas Steamship Company, and the latter is British. The Hamburg-American company is a subsidiary of the German government, and its ships can be called upon for auxiliary cruises of the German navy in time of war.

Under the concession from Nicaragua which the Hamburg-American line has acquired, it is assured of exclusive navigation rights of the San Juan River and of the Nicaragua Canal, and is secured to the German company.

Court-martial Records Show Their Masterful Powers of Secrecy and Disimulation—Evidently Look Upon Treachery as a Patriotic Virtue.

BY THE NEW ASSOCIATED PRESS.—P.M.  
WASHINGTON, Dec. 19.—History affords no parallel to a whole people thus practically turning war traitors, and in the genius of no other people have ever found such masterful powers of secrecy and disimulation, but it is needless to say that no powerful state was ever erected or ever can be erected on such immoral and unenlightened foundations.

This statement is made by Gen. Chaffee, military Governor of the Philippines, in a review of a number of court-martial cases in the islands, the records of which have been received at the War Department.

**REVIEW OF THE CASE.**  
BY THE NEW ASSOCIATED PRESS.—P.M.  
WASHINGTON, Dec. 19.—This case which brought forth this comment from Gen. Chaffee was one wherein seven natives were tried jointly on a charge of murder. The accused were soldiers in the insurgent army, and after defeat by the American army in the field, abandoned even the show of open opposition to the half-uniformed guerrilla bands, and took up their residence at Taytay, in Luzon, a place protected by an American garrison.

When, following the capture of the insurgent chief, they proceeded to organize secretly a bold band. When authorized by the military government, the band came forward under the leadership of a resident padre, and were elected municipal officers of Taytay.

Then ensued a remarkable attempt to serve two masters. In all lawful matters they served with due appearance of loyalty to the American government, while at the same time they labored secretly and diligently in the interests of the insurrection. This dual form of government, says Gen. Chaffee, is a small, but in a strongly-garrisoned city like Manila, as well as the small towns of the interior, the small band of natives entered upon a series of murders and continued their deadly work until the growing of mysterious disappearances led to the discovery of the conspirators by the American authorities.

"One undeniable truth," says Gen. Chaffee, "stands out in this case: hundreds of like cases of murder, that the average native of these islands has not more than the merest rudimentary conception of his individual rights and duties as a man, and no one knows this so well as the military chief who uses him for their nefarious purposes."

Six of the seven natives were sentenced to be hanged, but Gen. Chaffee commuted the sentence of three of them to imprisonment at hard labor for life.

The seventh native, Leonardo de Ponce, a regularly ordained priest, asked for, and was granted, a separate hearing. When Taytay was given a permanent garrison of American troops, de Ponce was found there in the pursuit of his calling, as curate of the pueblo. Through his advantages of education, his spiritual relations with the people, and his active interest in their secular affairs, he was easily the most influential man in the community. He cultivated the good will of the American officers, and promised to aid them in keeping peace. But when the elections to American civil government offices were held, he put forward and caused to be elected as president, a Caledonio Javier, whom Gen. Chaffee describes as an "illiterate and bigoted man," whose De Ponce well knew was an officer of the insurgents, and whom he commended to the people as the best man for the office, because he was "bold."

At his trial de Ponce, who was held to be the agent in the Taytay murders, took advantage of the loophole which appeared to be afforded by his position as curate, contending that while the participants in the wholesale murders in Taytay would confess the same at confessionals, he was compelled by his sacred office to keep silence.

Gen. Chaffee pronounced this defense of no value, saying that the "confessional does not lay upon any man, priest or layman, the obligation of suppressing knowledge of crimes being committed by third parties, the consummation of which could have been prevented without violating the secrecy of the confessional."

In this particular case, it is said, the knowledge of the crimes was brought directly to the priest's notice, and was not gained through the confessional. Gen. Chaffee confirmed the sentence of death imposed by the court-martial which tried de Ponce, but commuted the sentence to twenty years' imprisonment at hard labor "out of his respect for his calling, and of the great religious organization of which he is a most unworthy member."

Said Gen. Chaffee in concluding his review: "No person living in these islands can be permitted to plead his office, however sacred or exalted, as a protection for crimes committed."

## TO GIVE UP PORTFOLIO.

Secretary Gage Credited With an Intention to Resign.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Dec. 19.—(Exclusive Dispatch.) Lyman J. Gage, Secretary of the Treasury, has decided to leave the Cabinet, and will give up his portfolio in about a month.

A well-known financier in this city today confirmed what has hitherto been simply a rumor to the effect that the President would have to name Gage's successor very soon.

On quitting the government service, Secretary Gage will resume banking connections in the West. He could come to this city, if he cared to accept the presidency of a financial institution here, but his headquarters will undoubtedly be in Chicago. While Gage's relations with the present administration are commonly reported to be thoroughly cordial, and the President is known to be anxious to have him remain in charge of the treasury, it is believed here that Secretary Gage has now reached the conclusion that the time has come for him to devote himself to business pursuits.

It is known that Secretary Gage has had very handsome offers to leave the Cabinet, and now that the new administration is well organized and running smoothly, his departure, in his judgment, would be attended with little if any embarrassment. A well-known New York banker said today that Secretary Gage could get practically what he pleased, so many financial centers being eager to secure his services. But he will not be identified with the National City Bank, nor with any other New York institution, notwithstanding all that has been said to the contrary.

The bankers' dinner at the Waldorf-Astoria Hotel to night, Secretary Gage said, when questioned about the report of the resignation: "I am not prepared now to say whether that statement is true or not. I will only say that my relations with the President and the Cabinet are in every way pleasant, and there is nothing in those relations to make me contemplate resigning from the Secretaryship of the Treasury."

## GOV. TAFT SLATED FOR THE CABINET.

SECRETARYSHIP OF STATE SAID TO BE AWAITING HIM.

Cincinnati Man Declares He Has Known the Fact for Some Time and That the Report of the Governor's Failing Health Covers Another Proposition.

(BY DIRECT WIRE TO THE TIMES.)  
WICHITA (Kan.), Dec. 19.—(Exclusive Dispatch.) Information from a Cincinnati man who is in a position to know is to the effect that Judge William H. Taft, Governor of the Philippines, is returning to this country upon the request of the President, who is intimated that these facts were obtained from a letter written by Gov. Taft.

"I have known of the offer for some time," the informant says. "In fact, I was informed of it a few weeks after President McKinley's death. As soon as I had read in the dispatches that the Governor was apt to return because of failing health, I was convinced that the real purpose was to have a verbal conference with the President regarding the Secretaryship."

"Gov. Taft is an able man, and the time that he has spent in the Philippines has enabled him to become thoroughly familiar with the situation there, which fact will make him an invaluable acquisition to Roosevelt's Cabinet. President Roosevelt has on a number of occasions expressed his high regard for Gov. Taft, and the able manner in which he disposed of some intricate Philippine problems."

While the fact that he was offered the portfolio at this time may be news, nevertheless his friends and those who are in a position to know will not be surprised at the announcement.

Was Greatly Worried by the Actions of His Locomotive, Which Was a New One, and Did Not Remember Instructions Until the Signal Light Flashed By.

(BY THE NEW ASSOCIATED PRESS.—P.M.)  
SAN FRANCISCO, Dec. 19.—John Coffey, the engineer of the north-bound train, whose failure to stop at the Uplands switch caused the wreck, was seen at the switch there, not far from the front of the train, suffering from an injured spine, and is deeply depressed over the result of the accident. He said that he had received the orders to stop at the Uplands switch, but that he forgot them. He said that he was greatly worried by the actions of his locomotive, which was a new one, and that he did not remember the instructions until the signal light flashed by.

SAN FRANCISCO, Dec. 19.—The special train bearing the survivors and the injured arrived here at 5:45 o'clock. The injured were taken off the train at the Uplands switch and carried to the railroad hospital.

The conductor, W. J. Williams of the north-bound train was conspicuous for his prompt and effective efforts to save life. He said:

"We had the right of way. No. 10 having to take the siding to let us pass. No. 10 being late, however, it was our duty to stop and wait for the other train. When I found that we were going right on, and not stopping, I pulled the bell cord for the engine to stop, and myself put on the air brakes. While I was waiting for the train to stop, a fire started in the engine. I was in the rear end of the smoker. I immediately kicked the nearest window out and crawled through the ash-tray, dragging another man out after me. It was pitch dark, and I had to feel my way out."

"My first thought was to save life and to look out for property afterward. I helped others out, but it was quick and dangerous work. I don't think I had over five minutes to work in when the flames broke out too hot for anything else. The fire burned mightily quick, and it was very hot. The engine was piled on top of the other, and when they finally reached both were heading the same way."

**BILLY LYONS MAKES A KILLING IN THE OPENING RACE.**  
Wins by a Head from Gold Baron, a Twenty-five-to-one Shot—Esterrell the Medium of a Heavy Play—Impromptu Left at Post.

**THE NEW ASSOCIATED PRESS—P.M.**  
SAN FRANCISCO, Dec. 19.—One of the features of the racing at Oakland today was the victory of Billy Lyons, who at one time was quoted at 100 to 1. He was one of a poor field that met in the opening event, and was fairly well played, going to the post at 29 to 1. The ride that put him in the lead was a head, by a head, from Gold Baron, a 25-to-1 shot, with Tommy Burns up. The race was a heavy play, and the judges, and they suspended him indefinitely. The race was won by Phil Archibald, with Mazon second. Esterrell was the medium of a heavy play, and Jacqueminot led most of the way and won easily. Johnny Schor did better in the next two-year-old event. Commissioner Foster landing the purse for him from The Giver. Jarrettier d'Or, the favorite, stopped after setting the pace. Impromptu, the second choice, was left at the head of the seven-furlong race. He was overhauled and bumped into Marneuse. Jim Hale beat Edna Brown, a neck. Result: Mile, selling: Billy Lyons, 108 (Kelly), 30 to 1; Gold Baron, 114 (Burns), 25 to 1; second: Jacqueminot, 110 (O'Connor), 5 to 1; third: time 1:24. Col. Ballantine, Fondo, John Welch, Elmer L. Intrada, wongro M. L. Rothchild, Young Morello, Tama and Frank also ran. Five furlongs, selling: Jacqueminot, 110 (O'Connor), 5 to 1; Esterrell, 115 (J. Woods), 7 to 1; second: Cathello, 115 (E. Jones), 1 to 1; third: time 1:04. Knockings, Snowberry, Larry Wilt, Martin Bell, Budd Wade, John H. Carr and Rose of China also ran. Mile and a quarter, hurdle handicap: won, Mazon, 125 (Lloyd), 8 to 5; second: Favorito, 147 (Armstrong), 9 to 2; third: time 2:24. San Green, Ralder, Adelaide and Master Lee also ran. Six and a half furlongs, selling: Commissioner Foster, 109 (J. Woods), 4 to 1; The Giver, 110 (Bullman), 15 to 1; second: Milas, 108 (O'Connor), 4 to 1; third: time 1:21. Flo Culver, Jarrettier d'Or and Sir Lewis also ran. Seven furlongs, selling: Jim Hale, 109 (Jackson), 11 to 5; won, Edna Brown, 107 (Burns), 4 to 1; second: Bernoia, 107 (Buchanan), 7 to 1; third: time 1:26. El Oriente, Marens, Barde Burns, Impromptu and Marneuse also ran. Mile, selling: Dr. Bernays, 114 (J. Woods), 11 to 5; won, Cougar, 108 (Bullman), 5 to 1; second: Oregon Bachman, 114 (Buchanan), 8 to 1; third: time 1:41. Compass, Romney, Frank Duffy, Katherine Ennis, Corriente and Rey Del San Juan also ran.

**CRESCENT CITY RACES.**  
NEW ORLEANS, Dec. 19.—Six and a half furlongs, selling: Bommerack won, Death second, Little Jack Horner third; time 1:24. Five furlongs: Marie Belle won, Lady Like second, Lady Broadway third; time 1:04. One mile and an eighth, selling: Garter Ban won, Monos second, Janowood third; time 1:55. Seven furlongs: Semi Colon won, Fleuron second, Johnnie McCarthy third; time 1:28. One mile and a sixteenth, selling: Trebor won, Kingstella second, Goy, Boyd third; time 1:47. One mile: Imp. Mint Sauce won, Pledrich second, Free Lass third; time 1:40.

**Greatest Book Bargains Ever Advertised in Los Angeles.**

Our prices on books are always and eternally the lowest. We have never been and never will be undersold on BOOKS. With a certain amount of pardonable pride we refer to the fact that we were the first in this field with books at cut prices. Occasionally one or two books are advertised in a weak half hearted way at the prices we quote—but on the line right through which includes every thing wantable in the shape of books, there never has been an attempt to duplicate our prices. For Friday's selling we have

**Union Lumber Company's Plant Burned.**

**Business Section of City in Danger.**

**McWhorter Oil Refinery at Kern City Destroyed. Heavy Losses.**

**BY THE NEW ASSOCIATED PRESS—P.M.**  
BAKERSFIELD, Dec. 19.—Fire which for a time threatened the office buildings in the southern section of the city, broke out tonight in the Union Lumber Company's office at Chester and Railroad avenues. The blaze is presumed to have been caused by crossed electric light wires, but many residents of the city are of the opinion that it was of incendiary origin. The fire was discovered by Deputy United States Marshal Oswald. A fire company was promptly on the scene, but owing to the inflammable material in and about the burning structure, the flames were not checked until the office building, the adjoining sheds and thousands of feet of lumber were in ashes. Many valuable books and papers were destroyed. W. J. Doherty, owner of the destroyed property, is out of the city. He is likewise the owner of the Mt. Breckenridge sawmills which supply this city with much building material, and which was the scene of the lynching of a Chinese cook but a few weeks ago. The damage is roughly estimated at \$15,000. There was partial insurance.

RAILROAD NOTES.

Conductor Charles E. Judge Dies Suddenly at Chihuahua, Mex.—Harriman's Chief Stay.

Charles E. Judge, a nephew of William Harriman, and well known in Los Angeles, died suddenly yesterday morning at Chihuahua, Mex., of apoplexy, aged about 25 years. Mr. Judge was a passenger conductor on the Terminal Railroad for a long period, and for several years past had been employed in a similar capacity on the Mexican Central. He had a large circle of friends in the local railroad fraternity and leaves a widow and family in Mexico. His remains will be taken to Galveston, Ill., for interment.

W. M. and Orlando Harriman, brothers of E. H. Harriman, president of the Southern Pacific, spent a few hours yesterday. The former went to Coronado and the latter to San Francisco. They are traveling in the private car "San Jose".

Chief Engineer Hood of the Southern Pacific returned to San Francisco yesterday after a brief inspection of the local shops.

H. K. Gregory, assistant general passenger agent of the Santa Fe at San Francisco, is in the city.

On December 25 the Santa Fe will run an excursion to Idyllwild. From San Jose the trip will be made by stage. The fare for the round trip will be \$5, and the party limited to twenty-five.

RAID ON LOTTERIES.

Chief of Police Promptly Suppresses Attempt on Part of Chinese to Renew Their Drawings.

After having been compelled to quit business for six weeks or two months, or at least confine it among themselves, an attempt was made last night by some of the Chinese lottery companies to renew operations. It ended disastrously for Chew Wing, one of those interested, for he was captured with the drawing in his possession, and locked up. He also had a number of lottery tickets on his person, and may be prosecuted on two charges. Late last night he was released on \$100 cash bail.

The arrest of the one man was as effective in putting a stop to later drawings as if twenty had been arrested. The draws spread through Chinatown, and on many of the streets could be found tickets which had been thrown away, for it is a misdemeanor to have lottery tickets in one's possession. The joints were promptly closed, and will remain closed for another season at least. The Chief will detail officers to arrest every Chinaman whom they suspect of having lottery tickets or drawings.

HUNDREDS of volcanoes are in a state of constant activity near the borders of California and Mexico. They will be described in The Times Magazine the coming Sunday.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY

Yesterday morning the City Council Committee on Legislation listened to arguments for and against the proposed ordinance to regulate the establishment of brickyards, and then took the subject under advisement.

John Bodwin was sentenced to two years in San Quentin for stealing a bicycle. Frank Dyer and Will Jackson got fifteen years each for robbery.

Drunks and Weary Willies made a strong bid at showing in the Police Court yesterday.

The jury in the case of F. P. Parker, accused of indecent exposure, "hung," and was discharged.

## AT THE CITY HALL

**SMOKY BRICKYARDS PROTESTED AGAINST.**

**LAW PROPOSED TO REGULATE THEIR ESTABLISHMENT.**

Committee on Legislation a Target for Arguments of "El Hutch" and Attorney for "Spookery"—Citizens Declare Brickyard Nuisance.

For years the owners of brickyards in the residence sections of the city have been throwing dust and smoke in the eyes of the citizens. Yesterday the same game was tried on the Legislative Committee of the City Council.

"El Hutch," the redoubtable vocal volcano, "smoked up" for several verbal spasms of virtuous indignation, because an ordinance has been proposed for the regulation of brickyards. J. W. McKinley, Esq., the legal oracle for the Tingley "spookery," also allowed his liquid speech to flow over the obstacles of the opposition, on behalf of Henry C. Jensen, whose attempt to establish a brickyard near Sixteenth street and Western avenue is responsible for the agitation.

Jensen, "accused by the neighbors with all sorts of misrepresentation and underhanded work, and were unsparing in their statements concerning him yesterday morning. Jensen was not present to answer the charges, and so McKinley, after the manner of lawyers, entered a general denial and allowed the matter to rest.

The land in the vicinity of Jensen's location is now being settled, but there are several pretensions plans for future development of the section. If the brickyard is established, where it is, the protestants assert that serious harm will be done.

Prof. C. L. Huxley of the Harvard school addressed the committee at some length. He maintained that the Council should have the right to regulate the establishment of brickyards. He said it is frequently necessary to close roads and streets for a short time because of the smoke and dust from the brickyard. He closed the brickyard as a nuisance.

H. M. Bowker and Abner L. Ross, who have interests in the section, both denounced the brickyard as a nuisance, and demanded that the Council take action to regulate and control the establishment of brickyards.

"It is a great damage to the residence property in the vicinity," declared Ross.

"When 'El Hutch,' known to a few strangers as Edward L. Hutchison, Esq., got a chance to speak, he wandered a mile or two from the subject and went after the golf players.

"Don't see just why this brickyard should be attacked to protect a lot of fellows who wander over those holes on the golf links with sweaters and golf clubs, and beat blocks of wood about with crooked sticks," declared the attorney for Jensen.

P. P. Schumacher declared that the Council should require the consent of a majority of the frontage in the block before allowing a brickyard to be established.

Several ladies related the doing of Mr. Jensen and gave him an unmerciful tongue lashing.

The ordinance as proposed contained the following statement:

"That the unrestricted establishment and maintenance of brickyards, brick kilns, or places for the manufacture of bricks within the city of Los Angeles, is, and the same is hereby declared to be, a nuisance.

"It shall be unlawful for any person, firm or corporation to establish, conduct or maintain any brickyard, brick kiln or place for the burning or manufacture of brick within the city after the first Monday in January, 1909, without first obtaining a permit from the Council so to do."

The measure also provided that an application in writing shall be made to the Council by anyone desiring to establish a brickyard, and the Council shall grant a hearing, if there be any protests.

So much opposition has developed to the ordinance in its present form, however, that it is almost certain to be changed. One of the members of the committee stated last night that in all probability it will not be lawful to establish brickyards. This district as contemplated will include the business center and the residence sections of the Fourth and Fifth wards.

**OTHER MATTERS CONSIDERED.**

Owing to the absence from the city of H. Philbin Billshire, the artistic soul who has jammed wind in the parks and decorated the entire city with tall and unsightly advertising displays, the application of R. W. Dromgold to lease the east wall of the City Jail building for sign advertising purposes was denied. Dromgold offered to pay \$25 a year for two years.

Blanchard said he could not think of giving the matter consideration without consulting with Philbin. Continuing he said:

"I consider the billboards a nuisance wherever found, and I do not believe that the city can afford to go into the business."

H. M. Ames protested that his riparian rights have been prejudiced by the "miserable subterfuge" which the city practices in selling water for irrigation. He declared that the Water Overseer has evaded the law. The board, therefore, will report on the following:

"If it be true that the Water Overseer has not observed the law regarding the distribution of water, this committee recommends that he be instructed by this Council to obey the law."

"Ames is welcome to all the comfort and solace he can get out of that report," remarked one of the solons with a smile, as he recalled the terrific arguments of the Sixth Ward.

**Will Make Investigation.**

This afternoon at 4 o'clock the Board of Public Works will examine the improvement work on Folsom street, between Tenth and Fifth streets. Property owners on the street assert that the work was not done according to specifications, and they protest against paying for the improvement is superior to

most of the street work done in the city. Both sides will have a hearing this afternoon.

**Seventeenth-street Protest.**

Many property owners on Seventeenth street will appear before the Board of Public Works this afternoon to protest against the sale of a franchise on that street from Georgia to Bush street. The Los Angeles Railway Company wants the franchise in order to parallel the line of the Traction Company on Sixteenth street, between the two cross streets.

**HEAVY SENTENCES IMPOSED ON TWO YOUNG ROBBERS.**

Fifteen years for Stealing Forty Cents—Judge Smith Proposes to Stop Epidemic of Bicycle Stealing—All Toughs Lay it to Drink.

"Bicycle stealing seems to be an epidemic in Los Angeles, and we have got to stop it. The extent of this sort of thievery is alarming."

Such is some of the language used by Judge Smith yesterday in accepting a plea of guilty from a young German, John Bodwin, charged with stealing a Wolff-American bicycle worth \$35 from C. C. Bodwin on Monday. Bodwin, who says he had just come to town from San Francisco, a day or so before he stole the wheel, is a sign painter by trade. He accounted for his crime by one word—drink.

"Whom did you ever paint any signs for in San Francisco?" asked Judge Smith.

"Everybody who would have me," was the reply, in broken English. Just painted the whole town, did you?" commented the judge, dryly, and proceeded with other questions, but the poor foreigner was in little mood to understand a joke.

Bodwin stated that he was awfully sorry that he did it—never would it happen again in San Quentin—for stealing a paltry bicycle," said the court, and German John was hustled away north.

**HEAVY SENTENCES.**

Fifteen years in State's prison for robbing a man of 40 cents, is something that Frank Dyer and Will Jackson—two young men—will never forget. Their terrible mistake was made last night, when they robbed Robert Tilly, a bridge builder, who was tramp-like to Colton. Dyer and Jackson, both of whom were charged with robbing Tilly, had all walked down the railroad track toward Shorb, the boys suddenly jumped Tilly, and he was hustled away north.

When it was all over, they threw rocks at Tilly and sent him on the run toward Los Angeles.

Then they proceeded to Shorb and tried the same trick on another fellow, sending him toward Los Angeles.

Twenty-four hobos and jags were "among those present" in the Police Court yesterday.

Southern California suffers an annual invasion of the road knights when the cold weather comes in the East, and this is not a backward season. Yesterday the few of the great army that fell foul of the justice shop and told their stories and took their medicine.

The prisoners' dock was scarcely large enough to contain them all, sitting and standing, and the spectacle would have been a treat for a sociologist. Justice Austin is quite accustomed to surveying composite misery, but his homely, fairly stout, agitated at yesterday's array.

He called out the names, asked each one where he hailed from, when was the last time he had worked, and other questions, and then heaved a long sigh.

"I don't know what to do with you men," he said. "There is plenty of work for anyone who is willing and capable of doing it."

Then he gave them their needs. Following are the Weary Willies given from three to five days: Frank O'Day, John Calahan, John Flynn, John Hise, Joseph Brown, James Sheldon, William Parker and Tim O'Day.

The booze-fighters were fined as follows: With the usual alternative of jail or fine, the following were given: Harry McNeil, \$5; Hugh Cowling, \$5; John Fagan, \$5; Sam Wilcutt, \$5; Thomas Egan, \$5; John Martin, \$5; Pat Ryan, \$5; Thomas Price, \$5; Chas. **SECURITIES AND SALES.**

The Western Security Company, with principal place of business in Los Angeles, incorporated yesterday with a capital stock of \$25,000, divided into 100 shares, of which amount \$10,000 has been subscribed. The directors are W. R. Greene, Ed. B. Spencer, C. G. Spencer, Marlan P. Greene and Fred W. Heaster, all of this city.

The San Pedro Brick Company, with principal place of business in Los Angeles, incorporated yesterday, with a capital stock of \$100,000, divided into 100 shares, of which amount \$25 has been subscribed. The directors are Basil H. Stange, A. M. Armistage and S. Lewis, all of this city.

**COURTHOUSE NOTES.**

**BREVITIES MISCELLANEOUS.**

**DAMAGE SUIT.** Kate V. Mead, a hotel keeper, is suing the Southern Pacific for \$100,000, alleged to be due for damages for personal injuries sustained at Chatsworth Park on September 6. While attempting to alight from the train, she was suddenly started and she was hurled to the floor of the car, injuring her spine and causing concussion of the brain. She believes she is permanently injured. The accident cost her \$500 for medical attendance and nursing.

**INSANITY DID IT.** John A. Philbin asks to be appointed guardian of his wife, Stella Philbin, who was ordered committed to an insane asylum a year ago last September. Philbin is worth about \$10,000, and his wife's interest is not more than \$400.

**UNLAWFUL CONVERSION.** Charge is made against Constable H. H. Yonkin of unlawful conversion. A civil suit containing such allegations was filed yesterday by Maie Baxter, who holds a chattel mortgage for \$500 on the furniture in the Kenwood, a South Broadway lodging-house, conducted by Fanny Ann Carter. The constable attached the premises recently, and it is alleged that he did not pay or tender to plaintiff the amount of plaintiff's mortgage debt and interest, nor deposit the amount with the County Clerk or Treasurer as required by law.

**CRUEL SALOONIST.** George B. Simpson, who conducts a saloon at Broadway and First street, is single. Judge Trask gave his wife, Grace B. Simpson, a divorce yesterday on the ground of cruelty.

**MELANCHOLY MAN.** John M. Hogue, aged 54, was adjudged insane yesterday and sent to the Southern California State hospital for treatment. Hogue has been a piano and organ soloist, whom business losses always depress. During his melancholy periods he fears that somebody is seeking to butcher him or otherwise torture him to death.

**MATHER DIVORCE.** Florence S.

Mather was divorced from Milo E. Mather by Judge Trask yesterday on the ground of desertion.

**UNDER THE FLAG.** W. R. H. Girdlestone, a native of Canada, was naturalized yesterday by Judge Trask.

**TRIAL FOR DAMAGES.** G. W. Doremus, who was injured at Twenty-ninth street and Vermont avenue in August, 1898, is in Judge Allen's court before a jury asking for damages in \$500.

**HOTEL MUDDLE.** The suit begun in July by Mrs. Wilson against Alderson and others, involving a lease of the Broadway Hotel, was decided by Judge Trask yesterday. Judgment is given to defendants. It is understood, however, that the muddle is not thus clarified, since a new action is to be begun by Mrs. Wilson on lines similar to those in the suit just concluded.

**CITY'S DEMURRER.** The City Attorney has filed a demurrer to S. A. Waldron's last suit against the city. This demurrer will be argued today. It is out eleven grounds of demurrer, beside averring that the complaint does not state facts sufficient to constitute a cause of action.

**NEW DIVORCE.** Hoppie R. Thornton, suing Walter W. Thornton for a divorce.

**Parker Jury Hanged.**

F. P. Parker was tried yesterday on a charge of indecent exposure, and the jury was discharged after vainly trying for several hours to agree on a verdict. The accused is 35 years of age, and his looks were about the only thing to appear against him yesterday. He is pale and gaunt, and has curly black hair hanging to his shoulders. He admits being very fond of little girls, and the detectives found two children in his bedroom at the time of his arrest, whom he had treated to candy and apples, but the evidence against him concerning the specific crime was not considered strong by the majority of the jury. The old man lives in a lodging-house at No. 140 South Los Angeles street. He is a carpenter by trade, but is evidently too sick to do much work. He is evidently very much disliked by the grown women in his neighborhood.

## OVER THE LINE.

**Procrastination is the Thief of Health.**

Nature is a very wise and careful mother, but she is dumb. She speaks by signs. The man or woman who does not heed her signs or fails to understand them must pay the penalty. Some day there will be a step over the line beyond which Nature's warnings cease and her penalties begin. For instance there is a man who for years never knew he had a stomach, it performed its work so perfectly. Some day after eating he has a little sour or bitter rising in the throat. He does not heed it. Later he feels an uncomfortable fullness after eating, a distress in the region of the stomach and perhaps he is uncomfortable enough to wonder whether he ought not to do something for himself. But he does not get any farther than

wondering. He becomes sleepless, loses flesh, and his general health is undermined. Procrastination is the thief of health. Some day he will collapse, drop down perhaps at his task and when he comes to himself he will find he is seriously ill. He is paying the penalty for his heedlessness of Nature's warnings. Whenever there are undue fullness after eating, sour or bitter eruptions, belching and wind, or any of these symptoms, it is the sign that disease is fastening on the stomach and digestive and nutritive tracts. Disease unless checked is always progressive, and it is only a question of time in such cases, when the health and strength will be seriously undermined.

**TAKE NO RISKS.**

The wise man or woman will take no risks but will attend to the first symptoms of disease of the stomach. Doctor Pierce's Golden Medical Discovery has cured thousands of people who were suffering from the most aggravated forms of disease of the stomach and its allied organs of digestion and nutrition may be relied on quickly and permanently to cure such diseases in their earlier stages. Its action is prompt and efficient. Its effects are lasting. The whole body being fully nourished is built up with sound flesh, not with fatty fat.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so fatigued that I could not bear any solid food on my stomach for a long time; felt melancholy and depressed. Could not sleep nor follow my occupation (smithing). Some four years ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

**SURBANK**—At the Old Cross Roads, OPHIUM—Vaudeville.

## NEWS AND BUSINESS.

## Police Kept Busy.

Between dusk and evening and midnight twenty-five men were arrested, most of them for drunkenness. The patrol wagon answered eleven calls, Sunday delivery.

Wells, Fargo & Co. will deliver express packages all day Sunday at stores and residences. This innovation is due to the great quantity of Christmas packages coming in.

## Michigan Meeting.

The Michigan Society will meet this evening in Blanchard Hall annex. A good program has been prepared, and the former residents of the Wolverine State anticipate a pleasant evening.

## Barber Shop Robbed.

The barber shop billiard room and cigar stand of George Sheehy & Co., 1034 East 12th street, was broken into by a burglar between 1 and 4 o'clock yesterday morning. Two dollars in small change was stolen from the cash register.

## Whose Shoes?

Joe Klee, a hobo, was arrested at First and Los Angeles streets last night and booked at the Police Station on suspicion. In his possession were two shoes, both "rights," but of different styles and sizes. He would not tell where he got them.

## Shot in the Foot.

Charles Bruno, who lives at No. 233 Alta street, while hunting in the vicinity of Elysian Park yesterday morning, accidentally fired a 22-caliber bullet through his right foot. The wound, which was extremely painful, was dressed at the Receiving Hospital.

## Wagon Strikes a Woman.

Mrs. E. A. Thompson, who resides on a ranch south of University, was fatally injured at Fifth and Spring streets yesterday by being run down by a wagon loaded with lumber. It was thought she was seriously hurt, but at the Receiving Hospital she soon recovered and was able to go to her home on a car.

## Watch Your Overcoat.

A sneak thief, of gang of them, is stealing overcoats and jackets from the backs of people. Since Sunday, no less than ten such thefts have been reported to the police, and they have been committed in various sections of the city, a number in the business center. Some of the coats stolen contained valuable papers, and none have been recovered.

Orange County Coming.

E. A. White, secretary of the Santa Ana Chamber of Commerce, was in town yesterday with C. S. Perry and O. M. Robbins of Santa Ana looking up a location for the establishment of an Orange county bureau of information in this city. The committee visited the local chamber with the view of enlarging the Orange county exhibit.

## Gin in His Shoes.

Pedro Quijada is in the City Jail charged with carrying concealed a deadly weapon, and claims to be the victim of circumstances. He was in a quarrel when a man drew a revolver. A patrolman saw it and started after the man, who quickly handed the gun to Quijada and ran. The latter placed the weapon in his shoe, and denied having it.

## Snak Thie's Haul.

The house of Ramon Quijada, No. 225 Quetrola street, was entered last night during the hours of silence of the family. The thief found a window open, and near it was a trunk in which Ramon's money was kept. The key was in the trunk, and the thief had only to raise the lid and take the money. Quijada had \$100 and all of it was stolen.

## To Liar Advertisers.

Advertisers on the "Line" page of the Sunday Times are specially requested, whenever practicable, to send to the counting-room as much of their copy as possible on the Friday previous. This request is made to enable the composing-room to more readily handle the great mass of this kind of advertising, which is steadily increasing. This can also be made an advantage to advertisers.

## Tom Wing Chew.

Tom Wing Chew, a Chinaman of San Diego, who alleges he is a merchant, was on trial in the Federal Court yesterday on the charge of aiding the unlawful entry into the United States of a large number of Chinese.

Bowers, collector of customs at San Diego, and United States Commissioner S. E. Knodes of that city are here as witnesses.

Remember the Orphans.

There are about one hundred little orphans in the Orphans' Home at South Pasadena, who are anxiously wondering what Santa Claus is going to bring them at Christmas. To fill so large a contract, Santa will need the assistance of the friends of the fatherless and motherless who will have no Christmas cheer, except the doled out by the hand of charity. Packages destined for the South Pasadena orphans may be left at the office of J. C. Salisbury, room 101, Henne Block.

Masonic Installation.

Hollenbeck Lodge, No. 219, F. and A. M., held its annual installation of officers Tuesday evening, the ceremony being attended by a large number of Masons and their families. The retiring Master acted as installing officer, and Past Master Dunsen was Grand Marshal. A handsome jewel was presented to Past Master F. L. Lutz, the presentation address being made by C. L. Logan. A programme of vocal and instrumental music followed the installation ceremony, and G. W. Simonson talked entertainingly on "Ancient Masonry." The officers installed were: C. A. Charlton, W.M.; C. L. Batcheller, S.W.; M. C. Neuner, J.W.; P. Johnson, Treasurer; J. Will Dick, Secretary; G. W. Simonson, Chaplain; J. A. Smith, Marshal; L. V. Youngworth, S.D.; E. A. ## ROOT REQUESTS MILES TO EXPLAIN INTERVIEW

### If the General Acknowledges His Utterances It Will Be Necessary for Roosevelt to Reprimand Him

(Special Dispatch to The Herald.)

WASHINGTON, Dec. 29.—General Miles has been requested by Secretary Root to explain his interview in which he accused the navy department of being in a conspiracy to destroy Admiral Schley. Secretary Root brought this interview to the attention of the president when it was published. The president directed Secretary Root to call the attention of General Miles to the published report of his utterances and also to the impropriety of his criticism of a co-ordinate branch of the service regarding a matter still pending before that department. Secretary Root sent his letter to General Miles last night and is awaiting a reply. The general has not yet made a reply and the whole affair is kept a secret in the war department.

If General Miles acknowledges the correctness of the report of his interview, the president will reprimand him for indiscretion and setting an example of insubordination.

There is some question as to General Miles' purpose in jumping into this controversy over the Schley case. He has been in continual insubordination ever since the war with Spain, and has had no opportunity to submerge the administration of both McKinley and Roosevelt. If he is reprimanded, he may demand a court of inquiry and embarrass the war department in front of officers of equal rank to try him.

## LEMLY ARGUES AGAINST OBJECTIONS OF SCHLEY

### Urges That Protests of the Admiral Should Not Be Permitted to Disturb Findings

WASHINGTON, Dec. 29.—Judge Advocate Lemly and Solicitor Hanna this afternoon submitted to Secretary Root their report of the bill of objections filed by Admiral Schley, through his counsel, to the findings of the court of inquiry. In substance this report is an argument supplementary to the argument made by the writers before the court of inquiry. The principal points are an insistence upon their contention that the first report is the official report of the court of inquiry; that the court is justified in rejecting Admiral Schley's evidence by the admission of his own error in the use of the word "saw" instead of "heard"; and that there is no sufficient reason for a reopening of the case, as requested by Admiral Schley.

The report also contains a statement of the facts of the case, and a statement of the findings of the court of inquiry. It is a very thorough and complete report, and is a very strong argument in support of the findings of the court of inquiry. ## INDORSES IRRIGATION POLICY OF

### RESERVATION OF FORESTS, REFORMATION OF WATER LAWS

(SAN FRANCISCO, Dec. 29.—The resolutions adopted at the third annual convention of the California Water and Forest association today strongly endorse the sentiments of President Roosevelt's message on the subject of forestry and water control. The representatives of the state in congress are requested to secure legislation that will result in the immediate reservation of all government forest lands within the state. The resolutions also recommend a reformation of the water laws of California by the state legislature and provide for the appointment of a commission for that purpose to consist of the following persons:

One expert to be chosen from the department of agriculture, one expert from the United States geological survey, the president of the University of California and Stanford university, one professor of engineering from each of said universities, and three practicing lawyers to be named by the president of this association. "Generous appropriations by the state are urged to be expended in collaboration with the United States geological survey and irrigation investigations of the department of agriculture, and we shall renew our efforts to secure the enactment into law of the bill having that end in view which was passed by the last legislature, but unfortunately did not receive the signature of the executive. But we favor this appropriation only upon the express condition that all reservoir sites and irrigation basins discovered on public land shall be held for public works to be hereafter constructed by state or nation, rather than turned over to private individuals or corporations.

"We are opposed to the storage of the flood waters of the state by private enterprises, because such a policy would foster and trench the system of private water monopoly, which, in the language of President Roosevelt, 'cannot prevail without causing enduring wrong.' We believe all such storage works, together with main canals, should be constructed, maintained and managed under state administration. This policy is practically identical with that proposed by the president for public lands, under which the action provides the capital and management necessary for the creation of works, while the cost of construction should, as far as possible, be repaid by the land reclaimed."

## DISS DE BARR AND COMPANION CONVICTED

### Man Sentenced to Fifteen Years' Penal Servitude and the Woman to Seven

LONDON, Dec. 29.—Theodore and Laura Jackson, the latter known in the United States by the name of "Diss de Barr," were found guilty today by a jury in the old Bailey on charges of immoral practices and fraud. The judge imposed sentences of fifteen and seven years' penal servitude upon the man and woman, respectively. The prisoners listened to the passage of sentence in evident astonishment, but maintained silence. As the judge finished Jackson turned from the prisoner's dock and walked down the steps.

"Barram," as the woman head of the so-called theatrical unit has lately called herself, smiled, bowed to the judge and then followed her male companion to where officers were waiting to take them to prison.

Anticipating that the verdict would be reached today, the interest in the trial was revived, and the court room was well filled when the proceedings were resumed today.

The female prisoner, as usual, furnished a most interesting feature of the examination of the witnesses, who were examining them in modulated tones and alternately whispering and threatening.

When the case for the prosecution was closed the defendants announced that they would not call any witnesses, but would leave the result to their own behavior.

Jackson was then sworn, and commenced an address very much in the nature of a lecture on the course of which he claimed to be a man bound to single life by a religious vow, and emphatically denied the testimony furnished as to his living with Della Adams, whose story, he said, was a tissue of lies. He described the female prisoner as a medium through whom he (Jackson) had communicated with his spirit wife.

Jackson, in his address, referred to his estate of 220 acres of land in Florida, and dwelt at great length on the principles of theocratic unity.

During his cross-examination, Jackson was very insistent to the solicitor general, Sir Edward Carson. The judge warned Jackson that he was incurring his fate, whereupon the female defendant had set and leaped through. In his haste to leave the car he left his coat behind, in a pocket of which were cash and checks aggregating \$200.

In the work of rescue and of ministering to the wounded a heroine developed. Miss Ida Soderberg, of 511 Powell street, San Francisco, was out and shaken in the collision, but she was entirely careless of her own life. She joined the rescuers, helping the helpless in the wreck. Then she assisted in getting the comparatively uninjured cars away from the burning debris. She helped to bind up wounded men, and brewed hot coffee and carried it to those most in need.

County Treasurer John Bishaw of San Luis Obispo and Sheriff Keefe of Monterey county, who were wedged among the wreckage so that for some time they were in danger of being burned to death, both drew their revolvers and prepared to commit suicide before becoming victims of the flames. They were rescued with much difficulty. Bishaw's condition was quite critical. He is unable to move his legs, and suffers severe pains.

After the collision, a section head, lost in currency, the savings of twelve years' labor. It was in a pocket of his coat which he used as a pillow when he lay down in his haste to escape. He was severely injured in the crash, which he described as a "plunging" into the floor of a burning car. He was rescued by W. W. Savage of

(Strong Resolution Adopted Approving of the Attitude of the President in regard to Arid Lands and Fording Support of the Association to Measure Along the Same Lines)

SAN FRANCISCO, Dec. 29.—Public versus private control of the water sources of this state was a question that early confounded the third annual convention of the California Water and Forest association today at the Palace hotel. It was brought up by President Theodore Roosevelt's message on the subject of forestry and water control, which placed the question of the water sources of this state as a question that early confounded the third annual convention of the California Water and Forest association today at the Palace hotel. ## YUMA SMALLPOX SCARE

Investigation Shows That There Is No Cause for Alarm

YUMA, Ariz., Dec. 7.—There seems to have been some excitement in other towns throughout Arizona and in some places in California about smallpox in Yuma. Several weeks ago one of the cases of what was thought to be smallpox was reported to the health authorities and immediately action was taken to investigate by some of the best physicians in Arizona, including the state board of health of California.

The results of the investigation are now in and it is found that the disease is really smallpox, and that the case is certainly in a very mild form, as no deaths have occurred, and some cases are so mild that the patient does not have to quit work or go to bed.

From reliable authority it has been ascertained that there is no cause for alarm.

HOTEL DEAL IS  
CONSUMMATED  
Arcadia and Redondo  
Are LeasedA. D. Wright of Lynchburg, Va.,  
Gets Both Homes

Arcadia is to be opened at the first of the year and the Redondo Twenty Days Later—The Lessee Hopes to Have the Homes Connected by an Electric Road—His Eastern Record

A new vista of prosperity is apparently opening before the two principal beach hotels of Los Angeles county—the Redondo and the Arcadia, the latter located at Santa Monica.

These two first-class ocean caravansaries are soon to be opened to the public under one management, that of A. D. Wright, a veteran hotel man of Lynchburg, Va. He has secured five-year leases of each house and will open the Arcadia January 1 and the Redondo January 20. Mr. Wright returned yesterday from San Francisco, whither he went to secure a lease from the Pacific Improvement company, which owns the hotel property. His negotiations in San Francisco were successful. He had already closed a deal with the Redondo Improvement company, which owns the Redondo hotel.

Mr. Wright's Lynchburg hotel was the Carroll, noted as practically the only hotel of that city. His success in the management of that property augurs well in the minds of the owners of the local beach hotels, for the near future of the Redondo and the Arcadia.

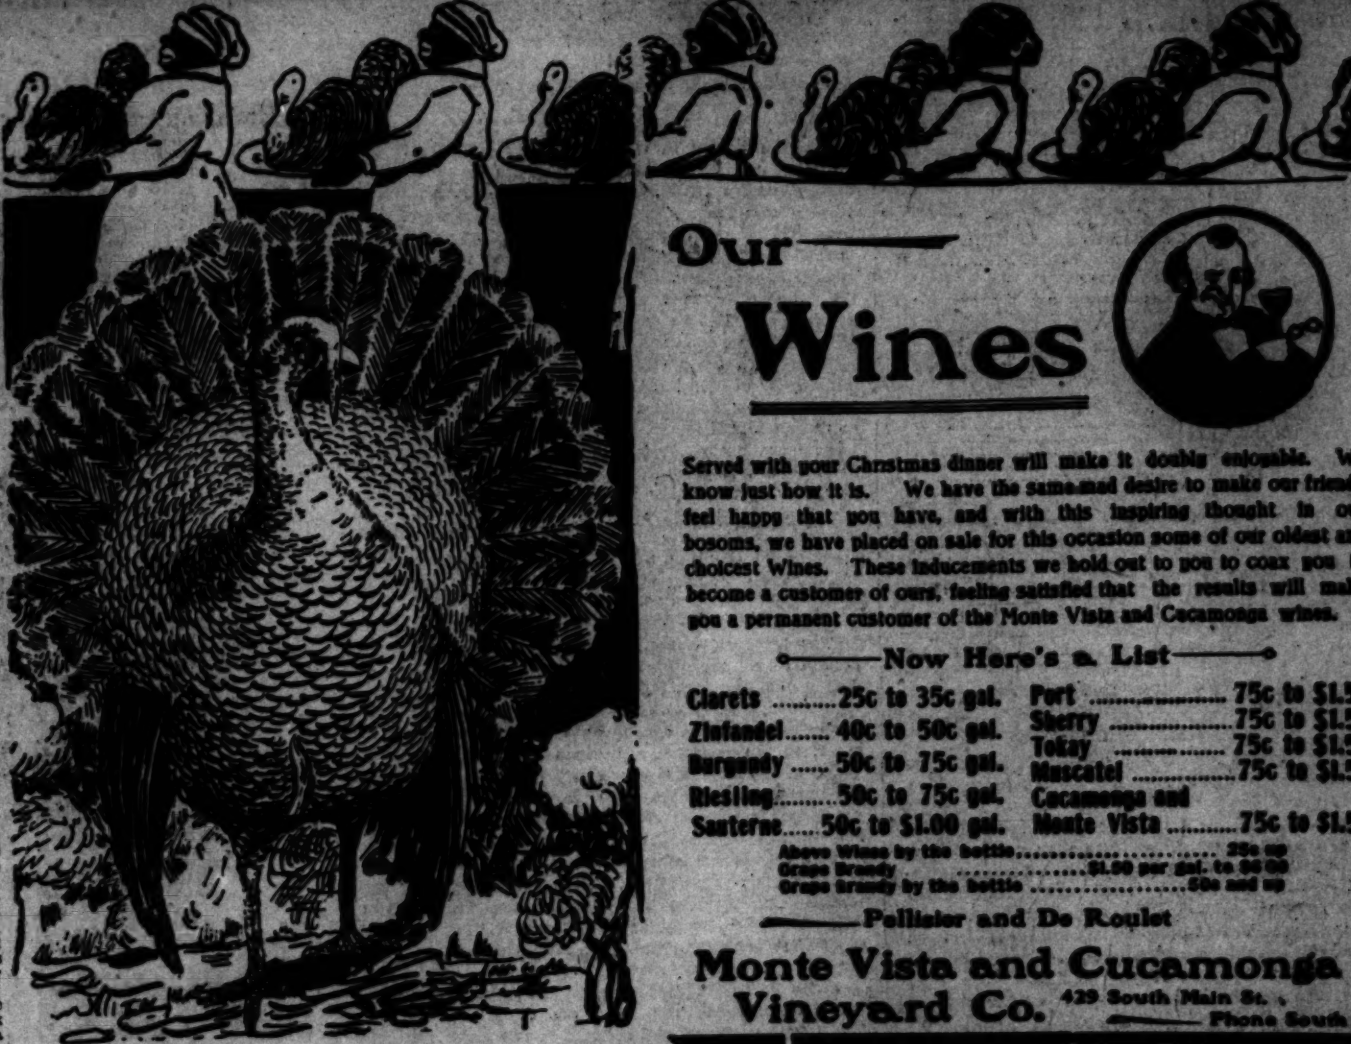

The management of the Redondo narrow gauge railway is completing the preliminary work of electrifying the line, and Manager H. E. Alsworth said last night that he hopes to have electric cars running from Los Angeles to Redondo by the opening of the summer season.

In addition the Santa Monica electric line's project for connecting Ocean Park and Redondo by rail, via Hermosa Beach, is well advanced, and it is asserted that next season will see the beach line completed.

With cheap and rapid electric transit to and from the hotels and experienced management, it is believed the Redondo and the Arcadia will achieve the success that such extensive investments deserve. Among local railroad and hotel circles a hope is generally felt that the new management will be successful and that these fine beach hotels will take a leading part in the growing prosperity of Redondo and Santa Monica.

## Regarding Consumptive Aliens

SAN FRANCISCO, Dec. 23.—In answer to a hypothetical question propounded by the Consular Commission company whether or not an alien afflicted with consumption, traveling first-class and of ample means, might be allowed to land in this country, Commissioner of Immigration Hart H. North has decided that

such an immigrant is not to be allowed admission to this country. The conditions surrounding a tourist, in the opinion of a personal and social nature, and in no way affect his position as an alien from a statutory point of view.

# SKY SCRAPER BUILDING PLANNED FOR BROADWAY MARKS NEW LOCAL EPOCH

Northeast Corner of Fourth Street Is Site Selected.  
More Flats Planned—Hotel in Westlake.  
Residence Property Sales

Los Angeles is about to experience the first movement of building toward the erection of a skyscraper. But a few years ago a four-story business block was the limit to which any building would listen. Later came five stories, and then six. The new seven-story block, that will be built by O. T. Johnson on his Broadway and Fourth street corner, will be the tallest and probably the most imposing building in the city. It will be situated on the northeast corner of Broadway and Fourth street, to replace the row of one-story shacks that now cover the entire Broadway and Fourth street frontage. The frontage is 60 feet in Broadway and 100 feet in Fourth street.

Architect John Parkinson is now creating the plans for the new block. It will be made a modern building in every respect, the walls of steel, stone and terra-cotta. The building would not at this time make public work, but it is understood that it will not be less than half a million dollars. The ground floor space has already been rented on a long-time lease to a Los Angeles business house, but the name of this house, like the cost of the building, will not now be given. The upper floors will be fitted in suites and single offices. The main entrance will be on Broadway.

Work on the building will commence March 1, 1922, as tenants in the small stores now occupying the ground space have been notified to vacate before that date.

Mr. Johnson is also planning to build on the southeast corner of Main and Ninth streets, but the extent of this improvement has not yet been determined.

Another row of flats will be added to the improvements in Hope street, the result of an \$18,000 investment by George Peterson, who yesterday purchased from Peter Haack through the agency of Bradshaw Bros. a Hope street lot, 200 feet wide, between Third and Sixth streets, paying \$600 for the property. Mr. Peterson will build a six-story apartment house, with a total of 120 flats. Work will begin at once on the buildings. The property transferred to lot 14, block 10, of the Hope street terrace tract, which is occupied by two small houses that rent for a nominal sum.

Yesterday A. L. Haley, the architect, practically completed the plans for the new tourist hotel to be erected in the Westlake park district. The hotel, as announced in The Herald several months ago, will occupy the vacant lots adjoining the Levee hotel, on Main and San Joaquin streets. The hotel will reach \$200,000, as the hotel will contain 100 rooms, with a restaurant in height, constructed of frame. The building is George A. Leighton of Manchester, N. H., a capitalist who may make Los Angeles his future home.

Hotel Improvements Planned  
The property known as the Ellis hotel, fronting 100 feet on Broadway, near Temple street, has been purchased by Ralph Granger of San Diego for \$40,000. Mr. Granger has in contemplation the remodeling of the hotel and the erection of a row of flats on the fifty feet that adjoins the hotel on the west side. Mr. Granger, who may make further investments in Los Angeles property, may convert his interests in this vicinity.

Grant Block Improvement  
To be in the tide of improvement that now is on in Broadway, the report is current that the block on the northwest corner of Broadway and Fourth street, will be raised to seven stories. When the block was built the walls were laid with this idea in view. Since the announcement made several months ago that O. T. Johnson would build a seven-story block on the opposite corner, the grant heirs, who own the block, have made public their plans for the improvement. The improvement contemplates offices and modern conveniences, including two elevators. The new building, as it now stands, has never been without a tenant since its completion.

Hope Street Sale  
For Hope street property between Eighth and Ninth streets a lot was yesterday sold by Richard Dillon who purchased from Mrs. Iva O. Smith a lot on the west side of the street, adjoining the Abbottford hotel. The price paid was \$600, the property being lot 14, block 10, of the Hope street terrace tract. Among real estate dealers this sale is regarded as most advantageous. E. D. Hunt & Co. conducted the sale.
